PORTFOLIO / BLOG REVIEW

Blog 04 Task

Deadline for completion of task: **Tuesday 30/11/21**

This week's blog tasks are based around the feedback you receive during the Portfolio and Blog review in the **week 08** tutorials. The tasks are also based on the Emotional Design and Design for Delight talks from the online class at the beginning of **week 08 (Mon 22/11/22)**.

Tasks

1. Briefly write up the feedback you receive from your tutor and fellow students in the review session.
2. Consider ways to incorporate Emotional Design and Design for Delight principles into your portfolio / blog space. Although you are using an off-the-shelf Wordpress CMS (content management system), there are still plenty of things you can do to it to make it your personal design. Sketch out (ie draw) your ideas on paper. Upload to the blog with some descriptive text.

Coming soon

As advertised elsewhere, I have arranged an **in-person class** in Week 10 to outline the assessment submission process and advise on how to set up your WordPress space effectively and creatively - date and time below. Keep this free in your schedule and come along to LTA in the Westside building.

Extra class: Assessment Submission and Web Portfolios

Thursday 09/12/21 16:00-17:00
